Frontend Developer

Next.js | React.js | ReactNative | JavaScript | Tailwind CSS | Canva

Motivated and talented Software Developer with hands-on experience in building responsive web and mobile applications using React.js, React Native, Next.js, JavaScript, and Tailwind CSS. Passionate about solving real-world problems through technology. A fast learner with a strong foundation in software engineering principles, eager to grow in a collaborative environment and contribute to impactful projects.

PROJECT & WORK EXPERIENCE

Front-end Developer – *Remote.*   (Feb 2025 - Present)

NimbleDev Software Company

- Contributing to developing and optimizing the NimbleDev company website, and improving user engagement and accessibility.
- Building responsive and high-performance web apps using Next.js, React.js, JavaScript, TypeScript, and Tailwind CSS.
- Enhanced site navigation and usability, ensuring seamless functionality across devices and browsers.
- Debugged and refactored existing codebases to improve load times and cross-browser compatibility.
- Collaborated with developers and designers to implement UI improvements and Integrated backend APIs to power real-time content updates.

Front-end Developer – *ALX Capstone Project*   (March 2025 – April 2025)

African Art Museum Web App

- Designed and developed a user-friendly digital museum platform that celebrates African art, connecting viewers worldwide with zero-waste artists who create stunning works from recycled materials while promoting their work globally.
- Developed interactive UI components with a strong focus on responsive design and dynamic pages using Next.js, TypeScript, Tailwind CSS, Framer Motion, and Vercel for deployment.
- Ensured optimal performance, accessibility, and cross-browser compatibility.

PROFESSIONAL COURSE & SKILLS

Front-end Web Development Course   (June 2024 - April 2025)

African Leadership Accelerator Program Alx – *Lagos State.*

- Developed interactive, responsive web applications using HTML, CSS, JavaScript, and React.js.
- Built user-friendly UIs using modern frontend frameworks and state management techniques.
- Designed MVP screens and prototypes for a full-stack Mental Help App project.
